Did you know?

We are pleased to share that the rangeindr.ca tool will permanently join the online collection at all Ontario courthouse libraries in the LiRN network!

This powerful tool helps lawyers and judges find appropriate criminal sentencing ranges in minutes instead of hours. Users begin by choosing tags that describe the facts of a case, and rangeindr.ca finds similar cases and extracts the sentences. One more click and users can see the actual judgments.

The best part: it is remotely accessible to users online, anytime!

rangeindr.ca Guide to Pre-Sentence Custody

To accompany this essential tool, rangeindr.ca in July released a comprehensive [Guide to Pre-Sentence Custody](http://rangeindr.ca), designed to help lawyers better understand this technical and fast-changing area of criminal law.
